Summary: Wallace has a new portal. He and Gromit use it to go to the far-off land of the Walnuts (which is in no way connected to Charlie Brown). They meet a boy named Sammy, and together the three set off to stop an evil beetle (car) from destroying the universe, because saving the world is SO yesterday. (Rating may change due to future updates.)

## 1. The Portal

Chapter 1: The Portal

Hello everyone! It is superconnorkid8 here with a smashing fanfic that will blow your cheese off it's plate!

Disclaimer: I don't own Wallace & Gromit.

Non OCs in Chapter: Wallace, Gromit.

>OCs in Chapter: Sammy (uncredited).<p>

And without further ado...I present...Mashed Mystery.

>\_<p>

Wallace stood in his beloved house admiring his new Portal. If it worked, it would take him to a world of...well, er...he didn't know, but what better way to find out than taking the scenic route actually going into the portal?

"Gromit, lad, I'm going through. Watch the house while I'm gone," said Wallace.

Gromit walked in front of Wallace. He pointed to himself, then the portal.

"What? You would like to go instead? Ok, my friend, it's all yours," said Wallace.

So Gromit walked through the portal. The next thing he knew, he was in a child's bedroom, standing behind him was another portal, standing in front of him was what appeared to be a thirteen-year old boy.

"What the-?"  
>\_<p>

Sorry for the chapter being so short, I want things going as smooth as possible. Also, if your wondering who said "What the-?" then you should know it was the boy. Gromit can't talk, nitwits. :)

## 2. What the-?

Still don't own Wallace & Gromit...

Non OCs in Chapter: Wallace, Gromit.

OCs in Chapter: Sammy, his mom, The Ghost Car.

>\_<p>

Sammy Sanderson, age thirteen, stood before a dog (who, unfortunately, was taller than Sammy). The dog, strangely, had no mouth.

"Cool! A dog! What's your name, buddy? Wait, dogs don't talk. Oh well," said Sammy.

Gromit shrugged.

"It's so cool to meet a talking dog! I got to show you something cool," Sammy said with a grin.

## TWO HOURS LATER / MEANWHILE

"Where is the dog? He's been gone for hours," said Wallace, annoyed and worried, back at home. "He better not be 'socializing'. He spends hours with random strangers, doing nothing but loitering."

To make a long story short...Wallace jumped into his portal.

## MEANWHILE (AGAIN...)

Wallace fell out of the portal. He was in what appeared to be a child's bedroom. What he then heard was terrifying.

He heard footsteps. Heading toward the room he was in.

"Sammy, what are you doing up there? And why is the van gone," asked a female voice from outside the door.

Not thinking (or quickly thinking, I can't tell which), Wallace jumped out the nearest window. Unfortunately, he fell 5 yards from the air.

He then saw a 13-year old driving a van with Gromit surfing on the roof.

"WHAT IN THE," shouted Wallace.

If you were there, you would swear you'd hear intense banjo music.  
Yup.

The van stopped.

"May I help you sir," asked Sammy.

"Yes," said Wallace. "One, why is my dog on the roof of the vehicle?  
Two, where is my depth?"

If you were from the clay-animated world in which Wallace was from, you'd be shocked at the type of animation used. Sammy's world was storyboarded.

[AUTHOR'S NOTE: Yes, I'm poking around with the fourth wall.]

"Er," said Sammy.

CRASH!

"What the," shouted Sammy.

Sammy's house collapsed, leaving only a sofa, some debris, his mom, and Sammy's portal (which, strangely, was unaffected).

Suddenly, pineapples. Not really, but a black hippie beetle came from out of nowhere and zoomed into Sammy's portal.

"It's going to wreck your house," shouted Sammy, "somebody do something!"

With that, Sammy fell into a baby position and started sucking his thumb

Gromit rolled his eyes and facepalmed.

>\_<p>

YAY! Chapter 3 will be out soon! Also, the pineapple thing was a reference to asdfmovie.

See ya bruhs!

### 3. The Ghost Car

STILL do not own you know what.

Non OCs in Chapter: Wallace, Gromit.

>OCs in this Chapter: Sammy, The Ghost Car, Vincent.<br>\_

"Woah," said Sammy as he was in the back of the Anti-Pesto van, "I have depth!"

Gromit once again rolled his eyes.

"I can see the vehicle, lads," said Wallace, "woah! There's a kid in there!"

It was true. A 14-year old was stuffed in the back of the beetle up ahead.

"After this, Wallace, can we get muffins," asked Sammy. "I'm hungry."

"Muffins, tea, crackers, and cheese," said Wallace excitedly, "but first we need to get that kid!"

I'm cool with cheese, Sammy thought silently.

CRASH!

As the Anti-Pesto van swerved a hard right, Sammy could see out the back of the van that the beetle had crashed...and the boy inside had started chasing the van.

The beetle had nobody in the driver seat.

Was the boy driving? He couldn't, he looked underage. Yet again, Sammy was driving and he was thirteen. Maybe the boy was driving it. But he was in the back, and...

CRASH!

The van crashed into a wall.

"Ow," said Sammy.

A certain 14-year old barged into the van.

So what do you think?

LOL SEE YA :P
